The provisional license is valid for 270 days and is not renewable.

Ms. Johnston asked the committee for guidance in cases when a physician applicant under a Provisional Temporary License has not rectified the ineligibility issue(s) to become eligible for a full license. This situation may affect the continuity of care for patients the physician applicant treated under the Provisional Temporary License.

The committee instructed staff to review these cases on a case-by-case basis to determine if there are other providers in the same practice area and specialty that may accept the patient. If another provider is not available the temporary license can remain in effect to allow the physician applicant to initiate the steps to ensure continuity of care for their patients. Board staff will notify the physician applicant when the temporary license will expire.
