

## Licensure Committee Proposed Non-Public Non-Disciplinary Rehabilitation Order

Applicant #692 appeared before the Committee, in executive session, on referral by the Executive Director. In open session, **Ms. Southard moved to recommend to the full Board that the applicant be determined ineligible for licensure.** This recommendation is due to time out of the active practice of medicine, and a mental condition that may affect the practice of medicine. Factors contributing to this recommendation include that the applicant has not actively practiced medicine in the two years prior to application, a diagnosis of bipolar disorder with the most recent episode in 2007, and that the applicants bipolar illness affected the applicants ability to successfully complete residency training resulting in the applicants discontinuation of training in 2005. **Further, Ms. Southard moved to recommend to the full Board that upon receipt within one calendar year of a request for a physician-in-training permit of no less than one year, the physician-in-training permit may be granted by the Executive Director under a non-public, non-disciplinary rehabilitation order that includes the following requirements:**
