Chapter 171

Post Graduate Training Programs

Proposed for Publication

171.3 Physician-in-Training Permits

(a) – (b) – unchanged

(c) Application for Physician-in-Training Permit.

(1) Application Procedures.

(A) Applications for a physician-in-training permit shall be submitted to the board no earlier than the 120th day prior to the date the applicant intends to begin postgraduate training in Texas to ensure the application information is not outdated. To assist in the expedited processing of the application, the application should be submitted as early as possible within the sixty-day window prior to the date the applicant intends to begin postgraduate training in Texas.

(B) The board may, in unusual circumstances, allow substitute documents where exhaustive efforts, on the applicant's part to secure the required documents, are [is] presented. These exceptions shall be reviewed by the board's executive director on a case-by-case basis.

(C) For each document presented to the board, which is in a foreign language, an official word-for-word translation must be furnished. The board's definition of an official translation is one prepared by a government official, official translation agency, or a college or university official, on official letterhead. The translator must certify that it is a "true translation to the best of his/her knowledge, that he/she is fluent in the language, and is qualified to translate." He/she must sign the translation with his/her signature notarized by a Notary Public. The translator's name and title must be typed/printed under the signature.

(D) The board's executive director shall review each application for training permit and shall approve the issuance of physician-in-training permits for all applicants eligible to receive a permit. The executive director shall also report to the board the names of all applicants determined to be ineligible to receive a permit, together with the reasons for each recommendation. The executive director may refer any application to a committee or panel of the board for review of the application for a determination of eligibility.

(E) An applicant deemed ineligible to receive a permit by the executive director may request review of such recommendation by a committee or panel of the board conducted in accordance with §187.13 of this title (relating to Informal Board Proceedings Relating to Licensure Eligibility) within 20 days of written receipt of such notice from the executive director.

(F) If the committee or panel finds the applicant ineligible to receive a permit, such recommendation together with the reasons for the recommendation, shall be submitted to the board. The applicant shall be notified of the panel or committee's determination and given the option to appeal the determination of ineligibility to

the State Office of Administrative Hearings (SOAH) or accept the determination of ineligibility. ~~[unless the applicant makes a written request for a hearing within 20 days of receipt of notice of the committee's or panel's determination.]~~

(i) An applicant has 20 days from the date the applicant receives notice of the board's determination of ineligibility to submit a written response to the Board electing one of the two options listed in subparagraph (F).

(ii) Applicant's failure to respond to the board's notice of a determination of ineligibility within 20 days shall be deemed acceptance by applicant of the board's ineligibility determination.

(iii) If the applicant timely notifies the board of applicant's intent to appeal the board's ineligibility determination to SOAH, a contested case before SOAH will be initiated only in accordance with §187.24 of this title (relating to Pleadings). Applicant shall comply with all other provisions relating to formal proceedings as set out in this title Chapter 187 Subchapter C (relating to Formal Board Proceedings at SOAH).

(iv) If the applicant does not timely take action as described in paragraph (F) or, prior to the initiation of a contested case at SOAH, withdraws their intent to appeal the board's ineligibility determination to SOAH, the committee's determination of ineligibility shall be deemed acceptance by applicant of the board's ineligibility determination. ~~[The hearing shall be before an administrative law judge of the State Office of Administrative Hearings and shall comply with the Administrative Procedure Act, the rules of the State Office of Administrative Hearings and the board. The board shall, after receiving the administrative law judge's proposed findings of fact and conclusions of law, determine the eligibility of the applicant to receive a permit. A physician whose application to receive a permit is denied by the board shall receive a written statement containing the reasons for the board's action.]~~

(G) All reports and investigative information received or gathered by the board on each applicant are confidential and are not subject to disclosure under the Public Information Act, Government Code Chapter 552 and the Medical Practice Act, Texas Occupations Code §§155.007(g), 155.058, and 164.007(c). The board may disclose such reports and investigative information to appropriate licensing authorities in other states.

(H) All applicants for physician-in-training permits whose applications have been filed with the board in excess of one year will be considered expired.

(I) If the Executive Director determines that the applicant clearly meets all PIT requirements, the Executive Director or a person designated by the Executive Director, may issue a permit to the applicant, to be effective on the date of the reported first date of the training program without formal board approval, as authorized by §155.002(b) of the Act.

(J) If the Executive Director determines that the applicant does not clearly meet all PIT requirements, a PIT may be issued only upon action by the board following a recommendation by the Licensure Committee, in accordance with §155.007 of the Act (relating to Application Process) and §187.13 of this title (relating to Informal Board Proceedings Relating to Licensure Eligibility).

(K) If the Executive Director determines that the applicant is ineligible for a PIT for one or more reasons listed under subsection (b)(1)(A) and (C) - (E) of this section, the applicant may appeal that decision to the Licensure Committee before completing other licensure requirements for a determination by the Committee solely regarding issues raised by the determination of ineligibility. If the Committee overrules the determination of the Executive Director, the applicant may then provide additional information to complete the application, which must be analyzed by board staff and approved before a license may be issued.

- Remainder of rule is unchanged
