**Medical Board Suspends License of Shirley Pigott, M.D., of Victoria**

A panel of the Texas Medical Board temporarily suspended the license of Shirley Pigott, M.D., license #F7054, of Victoria, after determining that Dr. Pigott's continuation in the practice of medicine presents a continuing threat to the public welfare.

The action was based Dr. Pigott's failure to comply with a previous board order, unprofessional and dishonorable conduct, and impaired mental status.

The temporary suspension hearing took place Tuesday, March 24, and the suspension was effective immediately. The length of a temporary suspension order is indefinite but it remains in effect until the board takes further action.
