TMB suspends Grand Prairie physician

On March 11, 2016, a disciplinary panel of the Texas Medical Board temporarily suspended, without notice, the Texas medical license of Waleed Khan, M.D., after determining his continuation in the practice of medicine poses a continuing threat to public welfare. The suspension was effective immediately.

The Board panel found that on or about February 29, 2016, Dr. Khan was arrested and charged with felony tampering with evidence following an on-site investigation at Dr. Khan's clinic.

The panel found that Dr. Khan failed to adequately supervise and assisted unlicensed individuals in the illegal operation of a pain management clinic, and the method and manner in which controlled substances were prescribed, poses a continuing threat to public welfare.

A temporary suspension hearing with notice will be held as soon as practicable with 10 days' notice to Dr. Khan, unless the hearing is specifically waived by Dr. Khan.

The temporary suspension remains in place until the Board takes further action.
