TMB restricts Dallas physician from seeing patients until further notice

On September 24, 2012, a disciplinary panel of the Texas Medical Board entered an order temporarily restricting a Dallas doctor from any clinical practice of medicine or any direct or indirect patient contact until further notice.

The Board found that Wayne Soignier, M.D., Lic. No. G9665, is a continuing threat and real danger to the health of his patients due to his "lack of fundamental medical knowledge combined with delusional thinking." Dr. Soignier is primarily engaged in providing medical evaluations in the Workers Compensation system.

The Board ordered Dr. Soignier to undergo a complete neurological and forensic psychiatric examination. The Order of Temporary Restriction With Notice of Hearing remains in effect until it is superseded by a subsequent Order of the Board.
