Texas Board of Medical Radiologic Technology suspends Sugar Land MRT

On April 17, 2025, a disciplinary panel of the Texas Board of Radiologic Technology temporarily suspended, without notice, the Texas medical radiologic technologist certificate of David Jacob Bettsack, MRT (Lic. No. GMR02012956), after determining his continuation in the practice of medical radiologic technology poses a continuing threat to public welfare. The suspension was effective immediately.

The Board panel found that, on around February 12, 2025, Mr. Bettsack was charged with and was arrested on two counts of Possession of Child Pornography.

A temporary suspension hearing with notice will be held as soon as practicable with 10 days' notice to Mr. Bettsack, unless the hearing is specifically waived by Mr. Bettsack.

The temporary suspension remains in place until the Board takes further action.
