

George H.W. Bush State Office Building

Message from the TMB President

Legislative Session Summary

Dr. Zaafran

On June 2, 2025, the Texas Legislature concluded the regular meeting of the 89th legislative session. During the session, Board staff monitored hundreds of bills that could affect Board operations, Board staff, or TMB licensees.

This session saw the enactment of several bills that establish new licensure pathways,

enhance enforcement efforts, and increase licensee accountability through new continuing medical education (CME) requirements.

I would like to take this opportunity to highlight just a few bills impacting our licensees.

HB 2038 - The DOCTOR Act

This **bill** creates a new pathway to licensure for internationally trained doctors allowing them a route to be licensed based on completion of a post-graduate training program in their home country. International applicants would work under a provisional license for four years in specific facilities and locations before being eligible for a full, unrestricted license. This bill also creates a new license type - a Physician Graduate license - for medical school graduates who do not match into a residency program. This license enables the state to utilize a physician graduate's medical education and knowledge under the supervision of a licensed physician. Each initiative outlined in this bill aims to enhance access to healthcare by increasing the number of providers.

SB 31 - The Life of the Mother Act

This **bill** further clarifies the law surrounding abortion procedures in Texas and specifically requires TMB to make

President's Message	1
Articles	3-6
Adopted Rules	5
Formal Complaints	7
Disciplinary Actions	8-11

available one or more approved courses – one free of charge – regarding the laws relating to pregnancy-related medical emergencies.

SB 912

This **bill** requires state agencies who license healthcare practitioners to establish a continuing education (CE) tracking system to verify compliance with CE requirements prior to renewal.

SB 2480

This **bill** ensures that all TMB licensees have equal access to the Texas Physician Health Program (TXPHP) and expands the National Practitioner Data Bank (NPDB) continuous query requirement to all license types ensuring every licensee receives the same level of oversight.

Aside from the aforementioned bills, legislation was also passed creating new CME requirements related to nutrition and metabolic health (**SB 25**) and forensic evidence collection (**HB 47**), enacting stricter regulatory measures for elective IV therapy (**HB 3749**), and establishing more streamlined pathways to licensure for military servicemembers and their families (**HB 879**, **HB 5629**, **SB 1818**).

Board staff have compiled a more comprehensive list of bills that may be of particular interest to our licensee community. That list includes links to the bill language for your convenience and can be found [here](#).

Many of these bills require the Board to adopt rules for implementation and efforts are already underway to identify what rules are needed. Although the Board strives to implement legislation as promptly as possible, the rulemaking process can take time, which means that a bill's effective date is not necessarily an indicator of when the policy will take effect. It is simply the earliest possible date a policy can launch. One of the best ways for interested parties to stay informed on rulemaking activities is by tuning into this newsletter. The Board always publishes proposed rules and information on how to comment on those rules in the newsletter as well as on our website.

Additionally, I would highly recommend that interested parties sign up to receive e-mail notifications directly from the Texas Secretary of State's Office so that you are informed the moment TMB submits a proposed rule to the Texas Register for public comment. In general, this service

allows individuals to choose agencies they wish to receive email notification about, and these emails contain information about proposed, adopted, withdrawn and emergency rule submissions accepted for filing, including rule number(s), type of action, and Texas Register issue date. To receive email notification, contact the Texas Register at 512-463-5561 or by [email](#).

In terms of the budget, the Board did receive some of its requests. Significant achievements included securing funding for a new Ombudsman function within the agency, as well as obtaining funds for several additional full-time equivalent (FTE) positions. The agency is currently exploring how to best leverage the newly appropriated resources to get the greatest return and meet our core mission.

I want to extend a sincere thank you to Board staff for their efforts to support the Legislature in their policy discussions this session. I'd also like to thank the Legislature for their continued support of TMB. The Board looks forward to continuing to work with lawmakers during the interim to implement their legislation and identify further efficiencies to benefit our licensees and the public that depend on us.

On a personal note, on behalf of the entire agency, I want to offer my deepest condolences to all the families who lost loved ones in the flooding these past couple of weeks in Texas. Following the Governor's declaration of a State of Emergency, the Texas Medical Board has been prepared to facilitate any necessary measures to ensure families receive appropriate care. This includes ensuring that all required licensees are available to provide care efficiently and promptly, as well as issuing temporary licensure for out-of-state physicians who may be needed during this crisis.

As always, the people of Texas unite as a community to support each other during challenging times like these.

Dr. Sherif Zaafran, M.D., FASA
Texas Medical Board President

New Board Appointments

New Medical Board Member

Mary "Kelly" Green, M.D.

In April, Governor Greg Abbott appointed Mary "Kelly" Green, M.D. to the Texas Medical Board for a term set to expire on April 13, 2031.

Mary "Kelly" Green, M.D. of Marble Falls is an eye surgeon and owner of a private ophthalmology practice. Green is a member of the Texas Medical Association, Burnet Llano Lampasas County Medical Society, American Academy of

Ophthalmology, and Marble Falls Education Foundation Board. Additionally, Green is an oral board examiner for the American Board of Ophthalmology, and a former volunteer with the United States Peace Corps in West Africa, where she taught physics and chemistry in French. The Governor appointed Green to the Texas Medical Board District Four Review Committee in 2024. Green received a Bachelor of Science in Chemistry from Trinity University and a Doctor of Medicine from The University of Texas (UT) Health Science Center at San Antonio.

New Physician Assistant Board Members

Lyle Grimes

In April, Governor Greg Abbott appointed Lyle Grimes and Chad Moody, PA-C to the Texas Physician Assistant Board for terms set to expire on February 1, 2031.

Lyle Grimes of Cedar Park is the global account manager for Choice Hotel International. He is the treasurer for the Austin Chapter of the Global Business Travel Association, vice president of the Leander FFA Booster Club, and former director of the Williamson County Conservation Foundation, Reveal Resource Center, Brushy Creek Regional Utility Authority, and the Leander Youth Football Association. Grimes studied Government at The University of Texas (UT) at Austin.

Chad Moody of Hemphill is a physician assistant at Preferred

Chad Moody, PA-C

Hospital Leasing in Hemphill. He is a member of the American Academy of Physician Associates and former member of the Hemphill Independent School District Board of Trustees. Moody received a Bachelor of Science from Stephen F. Austin University and a Master of Science from Baylor College of Medicine.

New Acupuncture Board Member

Ahmed Sheikh, D.O.

In March, Governor Greg Abbott appointed Ahmed Sheikh, D.O. to the Texas State Board of Acupuncture Examiners for a term set to expire on January 31, 2031.

Ahmed Sheikh, D.O. of Frisco is the program director at Texoma Medical Center Family Medicine Residency. He is a member of the American Academy of Family Physicians and the Texas Academy of Family Physicians. Sheikh received a Bachelor of Science in Biology and Psychology from the State University of New York College at Geneseo, and a Doctor of Osteopathic Medicine from Lake Erie College of Osteopathic Medicine.

New Medical Radiologic Technology Board Member

Ken Stout, MRT

In April, Governor Greg Abbott appointed Ken Stout, MRT to the Texas Board of Medical Radiologic Technology for a term set to expire February 1, 2031.

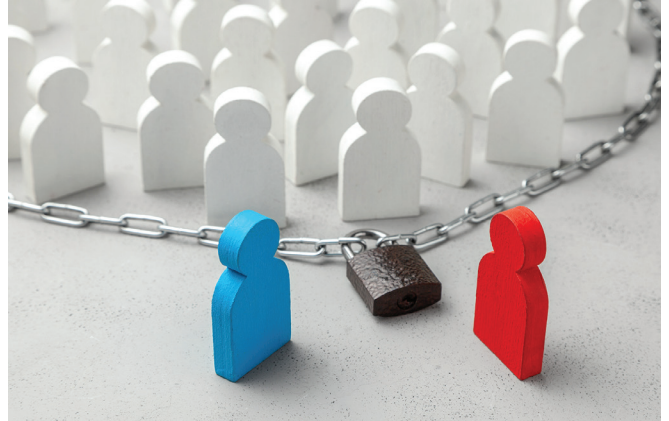

Ken Stout of Ropesville is the senior radiology manager at Covenant Children's Hospital. He is a member of the American Society of Radiologic Technologists, Texas Society of Radiologic Technologists, AHRA:

The Association for Medical Imaging Management, and the American Registry of Radiologic Technologists. He holds a Certified Radiology Administrator credential through the Radiology Administration Certification Commission. Stout received an Associate of Applied Science in Radiology from South Plains College and a Bachelor of Science in Radiology from Midwestern State University.

Human Trafficking

Per [Texas Occupations Code Sec. 156.060](#), physicians must complete a course in human trafficking prevention approved by the Texas Health and Human Services Commission (HHSC). The course may be credited towards the requirements for medical ethics or professional responsibility for any physician. Visit HHSC's [Health Care Practitioner Human Trafficking Training](#) page to access the free course that satisfies these requirements.

For more information on continuing education (CE) hours that must be obtained to meet a respective occupation's active licensure requirements, please visit the [Licensee Resources](#) page - Additionally, to assist licensees with finding CE opportunities, TMB provides information on various [CE providers](#).

Welcome New Licensees

The Texas Medical Board issued 7,507 licenses between December 17, 2024 and July 11, 2025. The Board is pleased to welcome these individuals to our licensee community! An acknowledgment of this accomplishment for each licensee can be found under the 'Latest Updates' section on the [TMB homepage](#).

Physician Fingerprinting Renewal Requirement

As part of recent legislation, physicians are required to submit fingerprints prior to having their license renewed unless they were fingerprinted for licensing after January 15, 2018. *Please note that this is a one-time requirement; additional fingerprint results will not be required for subsequent renewals.*

Licensees are encouraged to begin the process early. If you wish to submit your fingerprints before your renewal period, please e-mail [Registrations](#) and request instructions for your fingerprint submission, along with the required 6-digit ID number for submitting your fingerprints.

You can complete the fingerprint requirement at any point prior to your license expiration date.

Reminders of the fingerprint requirement will be included in the renewal notice sent out 90 days prior to the licensee's current expiration date. Detailed instructions will be included in the e-mail renewal reminder notices.

Continuing ED Tracking with CE Broker

June marked the conclusion of the rollout of CE Broker. Now all TMB licensees have the option to establish a free, basic account with CE Broker. As a reminder, the Texas Medical Board partnered with CE Broker, an online continuing education compliance platform, to provide our licensees with an additional tool to help them more easily find, track, and report continuing education coursework.

Learn more about this exciting new partnership on the [TMB website](#).

ADOPTED RULES

Rule Changes Effective March 8, 2025

161. PHYSICIAN LICENSURE

The adopted new section, §161.8, titled **Evaluation of Professional or Work History Requirements**, establishes requirements for professional or work history for physician licensure applicants. The section also describes how this professional or work history is evaluated by the board and how any deficiencies may be remediated by applicants. This section was erroneously excluded from the Board's proposed new rules published and adopted in 2024 during its rule review. This adoption remedies that error.

Case Review Experts Needed

TMB is calling for physicians in several specialties to serve as experts in reviewing standard of care cases, specifically in the following areas: Medical Oncology, Neuropsychiatry, Pathology Laboratory Medicine, Pediatric Gastroenterology, Pediatric Neurology, Pediatric Pulmonology, Radiology (mammograms), and Transplant surgery (kidney and liver).

As an expert to the Board, your identity for any individual case will be confidential. **Reimbursement for time spent performing case review is offered as is credit towards the continuing medical education requirements for Texas state licensure.** The requirements for serving are:

- Active license to practice in Texas or a state that is a member of the Interstate Medical Licensure Compact
- Active practice
- No history of negative peer review action or license restriction
- Acceptable malpractice history
- Initial board certification by an organization that is a member of the American Board of Medical Specialties, the Bureau of Osteopathic Specialists or the American Board of Oral and Maxillofacial Surgery

Please consider helping us to improve the quality of medical practice in Texas.

For more information, please e-mail TMB.

Medical
Board

CME OUTREACH

Schedule TMB's FREE One-Hour CME Virtual Sessions for Your Group

TMB offers one-hour CME-eligible virtual presentations to inform and educate physician licensees about the regulation of the practice of medicine through physician licensure and enforcement. Available sessions are listed below:

Upholding Professional Accountability: What You Need to Know About Physician Licensure, Discipline, and Regulation in Texas

- A. Overview of TMB Licensure and Enforcement Processes
- B. Review of Board Rules and Common Violations
- C. Legislative Update
- D. Question and Answer Session

TMB Chronic Pain Primer

- A. Overview of TMB Enforcement Process
- B. Review of Statutes and Rules on Pain Management
- C. The Prescription Monitoring Program and PMC Inspections
- D. Question and Answer Session

TMB can provide the CME as one hour of formal hours of study in medical ethics and/or professional responsibility to be applied toward TMB registration requirements. If your hospital, medical, or specialty society is already designated as, or works in conjunction with, a provider of AMA PRA Category 1 CME, we can assist in applying for Category I accreditation for the TMB presentations. A minimum of 15 participants is required.

If you have questions or would like to schedule a presentation for your group, please email Outreach.
